

Special Issue

Oral Health and Dental Care: Current Advances and Future Options

Message from the Guest Editors

The field of oral health and dental care is evolving rapidly, driven by breakthroughs in innovative materials, cutting-edge technologies, and advanced treatment approaches. As research continues to push boundaries, novel techniques improve patient outcomes, enhance precision, and optimize long-term oral and dental health. This Special Issue aims to highlight the latest developments that are shaping modern dentistry, AI-driven diagnostics, computer-aided technologies and minimally invasive procedures. By bringing together leading experts, this collection provides valuable insights into emerging trends and future options in dental science. We welcome manuscripts that explore new methodologies, clinical applications, and transformative advancements that will define the next generation of dental care.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, University of
Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1
(General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
