

## Special Issue

# Wernicke's Encephalopathy and Korsakoff's Syndrome

### Message from the Guest Editors

Wernicke's encephalopathy and Korsakoff's syndrome are neuropsychiatric syndromes that may occur in the context of malnutrition and thiamine deficiency, often—but not exclusively—in the context of alcohol use disorder. Despite the fact that thiamine supplementation in individuals at risk for developing Korsakoff's syndrome is available, there are still many patients that are newly diagnosed worldwide. In addition, many people who have been diagnosed with Korsakoff's syndrome still have to cope with the long-term consequences of this disorder that affect the everyday life of these individuals. In this Special Issue, we welcome authors to submit papers on Wernicke's encephalopathy and/or Korsakoff's syndrome. Topics may include—but are not limited to—their assessment and diagnostic work-up, their neuropsychiatric or cognitive sequelae, the neuropathology of these syndromes, somatic comorbidity, pharmacological and nonpharmacological treatments, quality of life, mental capacity, patient care and nursing, epidemiology, or neuroimaging research.

### Guest Editors

Prof. Dr. Roy P.C. Kessels

Prof. Dr. Cees M.P.M. Hertogh

Dr. Erik Oudman

### Deadline for manuscript submissions

closed (20 September 2023)

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
