

## Special Issue

# Novel Rehabilitation Approaches for Cerebral Palsy

### Message from the Guest Editors

We invite you to contribute to this Special Issue, which aims to collate the latest evidence on novel approaches to intervention for infants, children, and adults with or at high-risk of cerebral palsy with a focus on rehabilitation, that is “interventions designed to optimise functioning and reduce disability”. Although the primary focus is on interventions for cerebral palsy, studies that include other disabilities along with cerebral palsy are invited. The manuscripts may include any format (original research, systematic reviews, state-of-the-art reviews, protocols) that may contribute to the further understanding of novel approaches to improve outcomes for people with cerebral palsy and their families across their lifespan.

### Guest Editors

Prof. Dr. Alicia Jane Spittle

1. Department of Physiotherapy, The University of Melbourne, Parkville, VIC 3052, Australia
2. Victorian Infant Brain Studies, The Murdoch Children's Research Institute, Parkville, VIC 3052, Australia
3. Department of Physiotherapy, The Royal Women's Hospital, Parkville, VIC 3052, Australia

Dr. Catherine Morgan

Cerebral Palsy Alliance Research Institute, Specialty of Child and Adolescent Health, Sydney Medical School, Faculty of Medicine and Health, The University of Sydney, Sydney, NSW 2050, Australia

### Deadline for manuscript submissions

closed (25 February 2024)

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
