

## Special Issue

# Clinical Advances and Contemporary Applications of Echocardiography

### Message from the Guest Editor

The tremendous technological advances in echocardiography have allowed us to examine structures and functions of the cardiac chambers, valves and vasculature that were not possible with previous techniques. New echocardiographic techniques, such as three-dimensional and/or speckle tracking, have also become widely used. The aim of this Special Issue is to present the new findings that can be detected with advanced echocardiographic techniques in the assessment of the cardiovascular system.

### Guest Editor

Prof. Dr. Attila Nemes

Department of Medicine, Albert Szent-Györgyi Medical School,  
University of Szeged, Szeged, Hungary

### Deadline for manuscript submissions

31 May 2026

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1  
(General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
