

## Special Issue

# Clinical Treatment and Management of Neuro-Ophthalmic Disease

### Message from the Guest Editors

We are pleased to announce that the Journal of Clinical Medicine is preparing a Special Issue dedicated to the "Clinical Treatment and Management of Neuro-Ophthalmic Disease". This Special Issue aims at gathering cutting-edge research, and comprehensive reviews in the field of neuro-ophthalmology. We invite researchers, clinicians, and academics to contribute their original manuscripts that address various aspects of the diagnosis, treatment, and management of neuro-ophthalmic diseases. Topics of interest include, but are not limited to, advanced diagnosis, innovative therapies, surgical management, neuroprotection, visual rehabilitation, and case studies that shed light on unique approaches to patient management. Manuscripts will be rigorously peer-reviewed to ensure the quality and relevance of the content. Acceptance will be based on originality, clinical significance, and research quality. We look forward to your valuable contributions to this Special Issue and appreciate your commitment to advancing knowledge in the field of neuro-ophthalmology.
