

Special Issue

Cosmetic Dermatology in the Digital Age

Message from the Guest Editor

Cosmetic surgery and skin care have become a billion-dollar industry due to the population's rising demand to maintain a youthful, aesthetically appealing appearance. Cosmetic dermatology is becoming increasingly popular, cross-culturally and across all ages and skin types. Due to the ever-growing number of submissions in this field, the editors of *Journal of Clinical Medicine* have set up a Special Issue dedicated to this field within dermatology. For this Special Issue, we invite research articles on various aspects of cosmetic and aesthetic dermatology.

Guest Editor

Dr. Neelam Vashi

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
