

Special Issue

Understanding Syncope: Multidisciplinary Approaches to Diagnosis and Management

Message from the Guest Editors

This Special Issue aims to cover a wide range of topics related to syncope, from basic research to clinical practice. The scope of this Special Issue therefore includes the following:

Epidemiology and the economic impact of syncope;
The mechanisms underlying different types of syncope (reflex, cardiac, neurological);
Diagnostic strategies and tools for distinguishing between syncope types;
Prognostication and risk assessment;
Treatment options: pharmacological and non-pharmacological, device-based, and interventional;
Quality of life and patient outcomes;
Role of wearable devices and artificial intelligence in syncope management;
Autonomic dysfunction, including orthostatic hypotension and POTS (Postural Orthostatic Tachycardia Syndrome);
Multidisciplinary approaches involving various medical fields (autonomics, neurology, cardiology, etc.);
Contributions from different professional domains (medicine, nursing, rehabilitation, engineering, data science, psychology).

Guest Editors

Prof. Dr. Isabel Rocha

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
