

## Special Issue

# Clinical Trends in Diagnostic Radiology

### Message from the Guest Editors

Imaging continues to be at the forefront of medical innovation, shaping the way we diagnose, manage, and treat diseases. This Special Issue, *Clinical Trends in Diagnostic Radiology*, aims to highlight the latest advancements and emerging trends across all facets of clinical imaging, including diagnostic radiology, nuclear medicine, hybrid imaging, artificial intelligence applications, and quantitative imaging. This Special Issue seeks to bring together research from diverse radiological subspecialties. We encourage submissions of original research articles, comprehensive reviews, and meta-analyses that showcase the evolving role of radiology in clinical medicine. Topics of interest include, but are not limited to, advancements in CT, MRI, ultrasound, and PET imaging; radiomics and machine learning in image interpretation; molecular imaging; novel imaging biomarkers; and quantitative imaging for precision medicine. We invite researchers and clinicians from all disciplines of radiology to contribute to this Special Issue and share insights that will shape the future of diagnostic imaging.

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000  
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
