Advances in Thyroid Diseases: Focus on Hypothyroidism and Hyperthyroidism

Message from the Guest Editor

The Journal of Clinical Medicine (ISSN 2077-0383, <http://www.mdpi.com/journal/jcm>, IF = 4.964) is publishing a Special Issue entitled "[Advances in Thyroid Diseases: Focus on Hypothyroidism and Hyperthyroidism](#)". I am serving as the for this issue. Guidelines for the management of thyroid dysfunction have been updated in recent years. However, despite the lack of strong evidence for their support, there remain a number of very pragmatic clinical issues regarding practices that are not recommended, such as dietary iodine intake for patients with Grave's disease. We hope and anticipate this Special Issue will initiate further discussion on the following aspects: 1) the effect of different iodine nutritional status (according to WHO criteria) on the outcome of hypothyroidism or hyperthyroidism/thyrotoxicosis during the treatment course; 2) the effect of different treatment options on the outcome of hypothyroidism or hyperthyroidism/thyrotoxicosis; 3) the pathogenesis of thyroid disease. **Keywords:** thyrotoxicosis; hyperthyroidism; hypothyroidism; thyroid diseases; management; pathogenesis; iodine

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief
