Oral and Craniomaxillofacial Surgery: Clinical Advances and Innovations

Message from the Guest Editors

Oral and craniomaxillofacial surgery stands at the intersection of medicine, surgery, and dentistry, focusing on the diagnosis and treatment of a wide range of conditions affecting the oral cavity, jaw, face, and skull. With advancements in surgical techniques, technology, and interdisciplinary collaboration, this field has witnessed remarkable clinical advances and innovations in recent years. This Special Issue of the *Journal of Clinical Medicine* aims to highlight the latest scientific content and groundbreaking research contributing to the evolution of oral and craniomaxillofacial surgery. From novel treatment modalities to innovative surgical approaches, the articles featured in this Special Issue provide valuable insights into improving patient outcomes, enhancing surgical precision, and addressing complex anatomical challenges. **Keywords:**

- craniomaxillofacial surgery
- oral surgery
- clinical advances
- surgical innovations
- interdisciplinary collaboration
- patient outcomes

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi
