

## Special Issue

# Advances in Clinical Management of Temporomandibular Joint Diseases

### Message from the Guest Editor

The management of temporomandibular joint (TMJ) diseases remains a complex clinical challenge. Despite advancements in diagnostics, therapeutic strategies, and surgical interventions, there is a persistent need for an updated understanding of TMJ pathophysiology, clinical management, and treatment outcomes. This Special Issue "Advances in Clinical Management of Temporomandibular Joint Diseases" aims to provide a comprehensive exploration of cutting-edge research and clinical approaches in this field. We invite submissions focusing on innovative diagnostic tools, minimally invasive and surgical treatments, patient-centered management strategies, and artificial intelligence. By bringing together leading experts and clinicians, this Special Issue seeks to advance interdisciplinary collaborations, enhance evidence-based practices, and ultimately improve patient care. We welcome original research articles, reviews, and systematic reviews that contribute to shaping the future of TMJ disease management. Join us in this endeavor!

### Guest Editor

Dr. João Luiz Monteiro

Brigham and Women's Hospital and Harvard Medical School, Boston, MA 02155, USA

### Deadline for manuscript submissions

20 December 2025

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
