

Special Issue

New Insights into Diagnostic and Interventional Radiology

Message from the Guest Editors

The Special Issue “New Insights into Diagnostic and Interventional Radiology” in the *Journal of Clinical Medicine* explores cutting-edge advancements in medical imaging and interventional techniques. Featuring innovative research and clinical applications, this issue delves into emerging technologies, novel diagnostic modalities, and breakthrough interventions that promise to reshape the landscape of radiology. From AI-driven diagnostic tools to minimally invasive interventions, the collection of articles provides a comprehensive overview of the latest developments at the intersection of technology and clinical practice, offering valuable insights for radiologists, clinicians, and researchers navigating the dynamic field of medical imaging and its interventional applications from endovascular interventions to interventional oncology.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
