

## Special Issue

# Beyond the Kidney: Managing Chronic Kidney Disease in the Era of Cardio-Metabolic-Kidney Syndrome

### Message from the Guest Editors

This Special Issue aims to address the evolving landscape of chronic kidney disease (CKD) management within the broader framework of cardio-metabolic-kidney (CMK) syndrome. Despite advances in pharmacological therapies—such as RAAS inhibitors, SGLT2 inhibitors, and MRAs—key challenges remain, including suboptimal implementation of lifestyle interventions and fragmented care across specialties. The growing recognition of CMK syndrome underscores the need to move beyond organ-specific treatment and adopt a multidisciplinary strategy targeting shared risk factors like hypertension, obesity, dyslipidemia, and insulin resistance. We look forward to your valuable contributions.

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
