

Special Issue

Clinical Management for Coronary Artery Disease and Revascularization

Message from the Guest Editor

Coronary artery disease is the leading cause of death in the United States and across the world. The clinical management of this condition is vital in reducing cardiovascular death and morbidity. This Special Issue will focus on updates on the clinical management of coronary artery disease, with a focus on revascularization. As I would like to invite you to contribute to our Special Issue, entitled "Clinical Management for Coronary Artery Disease and Revascularization". We look forward to receiving your contributions.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
