

Special Issue

Latest Advances in Glaucoma, Cataract and Refractive Surgery: Expert Views, 2nd Edition

Message from the Guest Editors

It is my pleasure to invite you to contribute to the Special Issue entitled "Latest Advances in Glaucoma, Cataract and Refractive Surgery: Expert Views, 2nd Edition". This is a continuation of the previous series. Our Special Issue covers a broad range of topics related to the mentioned clinical challenges, including clinical evaluation, medical and surgical treatments, and new diagnostic and management approaches. It will also highlight emerging trends and future directions for research in these important fields. This Special Issue will aim to collate expert views on the latest developments in the diagnosis and management of glaucoma, cataract, and refractive surgery. We invite authors to submit original research articles and reviews relating to these topics, and we encourage contributions from all regions of the world to ensure a diverse and comprehensive representation of the latest developments in this field. We look forward to receiving your submissions.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
