Special Issue

Neuromuscular Disorders and Complications: In the Challenge Lies a Solution

Message from the Guest Editor

Advances in technologies, rehabilitation strategies, outcome measures, and biomarker research have enabled the implementation of more efficient ways to implement multidisciplinary approaches to neuromuscular disorders. Furthermore, with new clinical trials and pharmacological treatments being approved, our community is experiencing both exciting times and new challenges. We are happy to invite you to submit a paper to the Journal of Clinical Medicine for the Special Issue entitles "Neuromuscular Disorders and Complications: In the Challenge Lies a Solution". This Special Issue aims to showcase the current progress on neuromuscular care with a particular focus on new ways to approach and study old problems. Both research and review papers are welcome for possible publication in this Special Issue. I hope that your contributions will inspire our readers to explore this field further. We are looking forward to hearing from you soon. Kind regards, For more information, please click here.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine*'s (*JCM*) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67000 Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
