

Special Issue

Clinical Advances in Obesity and Bariatric Surgery

Message from the Guest Editors

This Special Issue, entitled "Clinical Advances in Obesity and Bariatric Surgery", compiled by guest editors Dr. Dang and Dr. Mocanu, is dedicated to exploring and highlighting the forefront of innovation within the obesity and bariatric surgery sector. This Special Issue serves as a call for research papers aiming to characterize and evaluate ongoing advancements in obesity treatment with a focus on the persistent evolution of surgical methodologies and metabolic procedures in the field.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
