

## Special Issue

# Scoliosis: Advances in Diagnosis and Management

### Message from the Guest Editor

Scoliosis, a three-dimensional deformity of the spine, affects millions of individuals worldwide. While adolescent idiopathic scoliosis (AIS) is the most prevalent type, various other forms exist, including adult scoliosis, congenital scoliosis, and neuromuscular scoliosis. Each type presents unique challenges in diagnosis and management, demanding a comprehensive and individualized approach to care. This Special Issue aims to provide a comprehensive overview of the latest advancements in the diagnosis and management of scoliosis. We invite submissions that explore cutting-edge research, innovative techniques, and emerging trends in the field. Topics of interest include, but are not limited to, the following:

**Advanced imaging techniques; Biomechanical modeling; Non-surgical management; Surgical interventions; Patient-reported outcomes;**

**Personalized medicine** We welcome submissions in the form of original research articles and reviews. This Special Issue will be a valuable resource for clinicians, researchers, and other healthcare professionals involved in the care of individuals with scoliosis.

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
