

Special Issue

State of the Art in Percutaneous Coronary Intervention

Message from the Guest Editors

This Special Issue aims to discover new techniques in percutaneous coronary intervention (PCI) and the creation of new dedicated tools have allowed for a personalized treatment path for coronary artery disease (CAD) patients. In this Special Issue, we welcome original research and review articles are welcome focusing on research areas that include (but are not limited to) coronary bifurcation treatment, chronic total occlusion (CTO), intracoronary imaging, coronary functional assessment and coronary microvascular dysfunction. **Keywords:**

- chronic total occlusion (CTO)
- coronary bifurcation treatment
- intracoronary imaging
- coronary functional assessment
- coronary microvascular dysfunction
- acute coronary syndrome
- chronic coronary syndrome
- ischemia and no obstructive coronary arteries (INOCA)
- myocardial infarction with non-obstructive coronary artery disease (MINOCA)

Welcome to contribute papers, please click [here](#) to find more details.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr s

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France
