

## Special Issue

# Sudden Cardiac Death (SCD) in Young Adults

### Message from the Guest Editors

Sudden cardiac death (SCD) in young adults is a rare event, but traumatic and today widely publicized. We invite you for a Special Issue entitled “Sudden cardiac death in young adults”. The aim of the Special Issue is to present current knowledge relevant to the topic, with special focus on areas of active research and controversy. We will consider research that may improve the prevention, identification, risk stratification, and treatment of subjects at greatest risk. We will also include genetic evaluation, post-mortem evaluation and identification of modifiable barriers to provide better outcomes after resuscitation of SCD in young adults. In this Special Issue, original research articles and reviews are welcome. We look forward to receiving your contributions.

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
