

## Special Issue

# Emergency Surgery: Clinical Updates and New Perspectives

### Message from the Guest Editor

Emergency surgery remains a dynamic and rapidly evolving field that encompasses a wide spectrum of conditions, from traumatic injuries to acute non-traumatic surgical emergencies. Advances in diagnostic techniques, surgical technology, and multidisciplinary care have significantly improved outcomes, yet many challenges persist, particularly in the timely identification and management of life-threatening conditions. This Special Issue aims to provide an updated overview of clinical practices, innovations, and controversies in emergency surgery. We invite original research articles and reviews focusing on trauma management, acute abdominal emergencies, surgical decision making in patients who are critically ill, perioperative care strategies, and medico-legal aspects related to emergency interventions. By fostering a deeper understanding of current trends and emerging approaches, this Special Issue seeks to promote evidence-based practices and interdisciplinary collaboration in the emergency setting. We look forward to your valuable contributions.

### Guest Editor

Dr. Bruno Cirillo

Emergency Department, Policlinico Umberto I, Sapienza University,  
00185 Rome, Italy

### Deadline for manuscript submissions

15 December 2025

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
