

Special Issue

Periodontal Diseases and Systemic Health: Pathogenesis, Prevention and Management

Message from the Guest Editor

This Special Issue explores the critical intersection between periodontal health and systemic diseases. Growing evidence underscores the impact of periodontal inflammation on conditions such as diabetes, cardiovascular disease, and adverse pregnancy outcomes. This issue aims to provide a comprehensive overview of these interactions, offering insights for clinicians and researchers alike. We welcome submissions on the following:

- Mechanisms linking periodontal pathogens to systemic inflammation;
- Clinical evidence on periodontal treatment and systemic disease outcomes;
- Preventive approaches for at-risk populations;
- Interdisciplinary management strategies in implant-prosthetic rehabilitation.

Guest Editor

Dr. Saverio Cosola

Department of Stomatology, Tuscan Stomatologic Institute, Foundation for Dental Clinic, Research and Continuing Education, 55041 Camaiore, Italy

Deadline for manuscript submissions

15 February 2026

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
