

Special Issue

Personalized Medicine in Children and Adolescent Psychology

Message from the Guest Editor

Welcome to our Special Issue on Personalized Medicine in Children and Adolescent Psychology. In this clinical-focused Special Issue, we delve into cutting-edge research and practices at the intersection of medicine and psychology. Discover how tailored approaches in diagnosis and treatment are transforming pediatric mental health care, addressing individual needs, genetic factors, and environmental influences. Join us as we explore innovative strategies that ensure brighter futures for our young minds, advancing towards a more precise and compassionate era of children's mental health and well-being.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
