

## Special Issue

# Patient Safety and Clinical Outcomes in Robotic-Assisted Microsurgery and Endoscopic Surgery

### Message from the Guest Editor

Robotic-assisted microsurgery and endoscopic surgery have transformed modern surgical practice, offering unprecedented precision, enhanced visualization, and improved ergonomics. These advances have significantly contributed to patient safety, reduced complications, and better clinical outcomes across a wide range of procedures. The integration of robotics and endoscopic techniques allows surgeons to perform complex interventions with greater accuracy, while minimizing invasiveness and supporting faster recovery. This Special Issue welcomes original research, reviews, and case studies on patient safety, clinical outcomes, and innovative techniques in robotic and endoscopic surgery. Submissions exploring comparative effectiveness, surgical training, and the implementation of advanced technologies in clinical practice are particularly encouraged.

### Guest Editor

Dr. Tetsuji Uemura

1. Academic Committee of Japan Society for Endoscopic Surgery, Tokyo, Japan
2. Department of Plastic and Reconstructive Surgery, Saga University, Faculty of Medicine, Saga, Japan

### Deadline for manuscript submissions

15 August 2026

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67081  
Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, The University of  
Tokyo, Tokyo, Japan

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1  
(General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
