Clinical Advances in Assessment Measures and Theoretical Models of Caregivers' Sensitivity and Contingency: 2nd Edition

Message from the Guest Editor

We are excited to present our latest Special Issue focusing on “Clinical Advances in Assessment Measures and Theoretical Models of Caregivers' Sensitivity and Contingency: 2nd Edition”. This edition aims to highlight cutting-edge research within the realm of clinical caregiving, underscoring the significance of caregivers' sensitivity and adaptability to the needs of those under their care. Through the introduction of innovative assessment tools and theoretical constructs, this Special Issue endeavors to illuminate the pivotal role that caregivers play in enhancing the overall well-being and mental health outcomes of their recipients. We invite you to join us in exploring the most recent developments that contribute to a deeper understanding of caregivers' interactions and their profound influence on the lives of individuals.

Guest Editor

Dr. Silvia Cimino

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France
