Coronary Artery Disease (CAD): Diagnosis, Treatment, Management and Prognosis

Message from the Guest Editor

Journal of Clinical Medicine (ISSN 2077-0383, IF - 3.303), an Open Access journal, is publishing a Special Issue entitled "Coronary Artery Disease (CAD): Diagnosis, Treatment, Management and Prognosis" and has approached me to serve as . In this regard, I would be very pleased if you would agree to contribute to this Special Issue.

Feel free to submit your work in the form of an original research paper, a short communication, or a focused review regarding diagnosis, treatment, prognosis and management of CAD.

Best regards

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
