

Special Issue

Headache Disorders: New Advances in Management and Treatment Strategies: 2nd Edition

Message from the Guest Editors

We are pleased to invite you to contribute to the second edition of the Special Issue “Headache Disorders: New Advances in Management and Treatment Strategies: 2nd Edition” in the Journal of Clinical Medicine. The success of the first edition “Headache Disorders: New Advances in Management and Treatment Strategies” has prompted us to continue this important academic discussion with a new volume featuring both original research articles and comprehensive reviews.

This Special Issue seeks to highlight recent developments in the diagnosis, management, and treatment of headache disorders. We welcome submissions that offer new insights into clinical practices, novel therapeutic approaches, and the underlying biological mechanisms of these conditions. Thank you in advance for your contributions to this Special Issue. We firmly believe that your work will play a vital role in advancing knowledge and improving patient care in this important field.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
