

Special Issue

Current Paradigms in Pulmonary Vascular Disease: Past, Present and Future

Message from the Guest Editor

This Special Issue will focus on the evolving landscape of pulmonary vascular disease with an emphasis on PE, PH, and rare pulmonary vascular disorders. Each of these areas will be explored through three thematic lenses: the past (highlighting historical perspectives and foundational work), present (reflecting current clinical practices and ongoing research), and future (featuring emerging diagnostics, novel therapeutics, and transformative technologies). We are interested in original research, clinical and translational studies, comprehensive reviews, and expert perspectives that can advance understanding and care across the pulmonary vascular disease spectrum. Submissions may address evolving definitions of pulmonary hypertension, diagnostic challenges in complex comorbid populations, multidisciplinary care models, innovations in PE management, or rare and under-recognized vascular disorders.

Guest Editor

Dr. Parth M. Rali

Department of Thoracic Medicine and Surgery, Temple University Hospital, Philadelphia, PA 19140, USA

Deadline for manuscript submissions

20 March 2026

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
