

Special Issue

Chronic HCV Infection: Clinical Advances and Eradication Perspectives - Part II

Message from the Guest Editors

This Special Issue aims to discuss HCV elimination program before and during the ongoing SARS-CoV-2 pandemic, considering the reallocation of public health resources. We would like to invite original research, short communications, review and viewpoints. We look forward to your evaluable scientific contributions.

We are delighted to announce the Part II of the Special Issue “[Chronic HCV Infection: Clinical Advances and Eradication Perspectives](#)”. Please click [here](#) to find information!
Welcome to contribute!

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
