

Special Issue

Knee Arthroplasty: Therapeutic and Management Strategies

Message from the Guest Editor

I am pleased to invite you to submit a paper on the topic “Knee Arthroplasty: Therapeutic and Management Strategies” as a Special Issue of Journal of Clinical Medicine, a widely known international scientific open access journal with a huge IF (4.964), providing a platform for advances in health care/clinical practitioners, the study of direct observation of patients, and general medical research. The journal is indexed by the SCIE, PubMed, and many other databases. I specifically would ask you a contribution in one of the following arguments, related to Knee Arthroplasty: primary and revision Knee Arthroplasty; knee periprosthetic fractures; infection; aseptic loosening; instability; hypersensitivity; technology in knee surgery; biomaterials; PROMs; bone metabolism. I hope to have you as eminent Authors of this Special Issue.

Guest Editor

Dr. Christian Carulli

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief
