Liver Failure: Current Status and Future Opportunities

Message from the Guest Editor

Liver failure, including acute and acute-on-chronic forms, is a potentially devastating clinical syndrome that includes jaundice, hypoalbuminemia, coagulopathy, hepatic encephalopathy, hemodynamic instability, metabolic derangements, and susceptibility to bacterial and fungal infections as components. Portal venous hypertension is an important complication, especially in the form of acute-on-chronic liver failure. Much research is currently underway with regard to advances in the understanding of the pathogenesis and management of liver failure and its complications. In this Special Issue, we welcome authors to submit papers on liver failure, including both acute and acute-on-chronic forms, in terms of both disease pathogenesis and management.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr s

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, The University of
Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1
(General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
