

Special Issue

Good Clinical Practice in Aortic Valve Surgery

Message from the Guest Editor

In recent years, minimally invasive techniques for aortic valve repair or replacement have shown exciting early and late outcomes. This Special Issue will focus on innovative research in aortic valve management, based on a custom-made treatment in the clinical practice, paying particular attention to the mechanism and factor involved in the prognosis of these patients, such as early diagnosis with several imaging modalities, the risk stratification, the optimal timing for intervention and the type of procedure to offer. Thus, I invite colleagues to submit their original research and communications as well as systemic reviews and meta-analyses on the following topics: Minimally invasive aortic valve surgery; Transcatheter aortic valve replacement; Aortic valve repair techniques; New tissue valves, especially in younger patients. Case series and case reports will be only considered if of particular interest.

Guest Editor

Dr. Fabrizio Ceresa

Division of Cardiac Surgery, Department of Cardio-Thoraco-Vascular Surgery, Papardo Hospital, Messina, Italy

About the Journal

Message from the Editorial Board

Journal of Clinical Medicine (ISSN 2077-0383) is an international, peer-reviewed, open access journal dedicated to advancing clinical and preclinical research. Our Editorial Board and staff are committed to delivering cutting-edge, timely, peer-reviewed articles spanning the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and impactful research articles, as well as reviews that are clinically significant and relevant to the full spectrum of medical disciplines. All full texts are archived in PubMed Central and indexed in SCIE (Web of Science), Scopus, PubMed, and other major databases. We invite you to submit your manuscript for publication, as well as join our community as a reviewer or reader online.

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France

Prof. Dr. Kent Doi
