

Special Issue

Clinical Management and Radiological Assessment in Traumatic Brain Injury

Message from the Guest Editor

This Special Issue focusing on traumatic brain injury (TBI), emphasizing its significant global impact on fatalities, disabilities, and long-term dependence. Acknowledging the complexity of TBI, strict clinical management, early treatment decisions, and comprehensive radiological assessments are essential to achieve optimal outcomes. This Special Issue, titled “Clinical Management and Radiological Assessment in Traumatic Brain Injury”, aims to provide insights into the latest advancements and future directions within TBI management, covering aspects such as clinical work-up, imaging, diagnosis, prognosis, and both surgical and non-surgical interventions. Moreover, this Special Issue aims to explore diverse topics, including surgical management, neuroimaging, and rehabilitation, with contributions from leading experts in the field. The articles published herein should aim to discuss advanced techniques and technologies in TBI diagnosis and management. This Special Issue will be valuable for healthcare professionals involved in the care of TBI patients.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France

Prof. Dr. Kent Doi
