Obesity Surgery—State of the Art

Message from the Guest Editor

The evolving landscape of obesity is transforming rapidly, creating new opportunities for research in diagnosis and treatment. However, it also poses challenges for clinicians who must navigate an overwhelming influx of new information. This Special Issue, titled "Obesity Surgery—State of the Art", seeks to provide readers of the Journal of Clinical Medicine with clear, high-quality, and up-to-date insights while also presenting previously unpublished evidence on this critical topic. Contributions in the form of both reviews and original research articles are welcome. By showcasing recent advances in treatment and highlighting pathways for future research, this Special Issue will serve as a valuable resource for researchers, clinicians, and patients alike.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Acute Care Medicine, University of Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1
(General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
