Gastrointestinal Motility Disorders

Message from the Guest Editors

Gastrointestinal (GI) motility disorders are extremely common and can severely impact the quality of life of sufferers. Some GI motility disorders can be regarded as primary or 'functional', whereas others are secondary to diseases affecting the nervous system, connective tissue or endocrine organs. They can also be due to iatrogenic insult through surgery, chemo-radiotherapy or pharmaceutical drugs. In recent years, major progress in understanding the pathophysiology of GI motility disorders has been achieved through the development of novel diagnostic tools, as well as advances in treatment options. In this Special Issue, we welcome authors to submit papers on GI motility disorders with respect to symptomatology, pathophysiology, diagnosis, treatment and prognosis.

Guest Editors

Prof. Dr. Klaus Krogh

Department of Hepatology and Gastroenterology, Aarhus University Hospital, Aarhus, Denmark

Dr. Mark Scott

1. Centre for Neuroscience, Surgery and Trauma, Blizard Institute, Wingate Institute of Neurogastroenterology, Barts and The London School of Medicine and Dentistry, Queen Mary University of London, London, UK

2. GI Physiology Unit, Barts Health NHS Trust, London, UK

Deadline for manuscript submissions

closed (25 January 2024)

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, University of
Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1
(General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.7 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
