

Special Issue

Endometriosis: Advances in the Diagnosis and Treatment

Message from the Guest Editor

This Special Issue of *JCM* will focus on the pivotal and unavoidable importance of a multidisciplinary team, directed by a new figure called “The Endometrist”. Due to the complexity and long life span of the disease, a dedicated physician is needed and must be surrounded by extra-skilled figures to complete a treatment that requires a team. Due to your expertise and knowledge, I would like to invite you to contribute to this Special Issue of *JCM*. The rationale of a specialized figure and a multidisciplinary synchronized team will be stressed in the papers, and I am sure that your references and collaboration will be of great value.

Guest Editor

Dr. Roberto Clarizia

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
