Exploring Cardiomyopathy: Comprehensive Guide to Causes, Symptoms and Care

Message from the Guest Editor

Cardiomyopathy represents a complex group of diseases affecting the heart muscle, leading to structural and functional abnormalities. Advances in research and clinical practice have provided deeper insights into all kinds of factors underlying cardiomyopathies. This Special Issue aims to explore the multifaceted nature of cardiomyopathies, focusing on their causes, symptoms, and innovative care approaches. We invite authors to submit original research articles, reviews, and clinical studies on the following themes:

- Clinical pathophysiology of cardiomyopathy;
- Advances in diagnostic imaging and biomarkers;
- Personalized medicine approaches;
- Innovative therapeutic strategies, including pharmacological and non-pharmacological interventions;
- Long-term care and quality of life in cardiomyopathy patients;
- Pediatric cardiomyopathies: unique challenges and treatments.

This Special Issue provides an opportunity to share cutting-edge findings and promote collaboration in the field of cardiology. We look forward to receiving your valuable contributions.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France
