

Special Issue

Clinical Advances of Aesthetic Plastic Surgery and Aesthetic Medicine

Message from the Guest Editors

This Special Issue, entitled “Clinical Advances of Aesthetic Plastic Surgery and Aesthetic Medicine”, invites submissions from leading researchers, clinicians, and innovators worldwide. We welcome original research articles, authoritative reviews, and concise communications that advance both scientific knowledge and clinical excellence in the field.

Suggested topics include, but are not limited to, the following:

- New trends in aesthetic plastic surgery and aesthetic medicine;

- Emerging technologies and advanced devices in aesthetics;

- Regenerative medicine and surgery;

- Vulvovaginal surgery;

- Combined treatment strategies;

- Complications in aesthetic medicine.

We look forward to your valuable contributions in shaping future research directions, refining clinical practice, and fostering innovation in this dynamic and rapidly evolving field.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief
