

## Special Issue

# Cardiovascular Disease in the Elderly: Cardiogeriatric Assessment, Prevention, Treatment Outcomes and Perspectives

### Message from the Guest Editor

This Special Issue will focus on cardiovascular disease in the elderly: cardiogeriatric assessment, prevention, treatment, outcomes, and perspectives. Topics covered will include the following:

- Cardiogeriatric assessment regarding frailty, fall risk scores, sarcopenia, and obesity in the elderly at the clinical level. Preinterventional assessment before cardiac surgery or other cardiovascular intervention and outcomes.
- Epidemiological data on cardiovascular disease trends in the elderly population at the national or global level. Perspectives concerning public health.
- Primary and secondary prevention strategies. Clinical characteristics of cardiovascular disease in the elderly. Therapeutic goals, postinterventional cardiogeriatric rehabilitation, cardiovascular rehabilitation planning, and outcomes.
- The role of digital medicine in the diagnosis and treatment of the elderly and its impact on quality of life.

Contributions that highlight new insights on cardiovascular disease in the elderly and present therapeutic strategies for promoting healthy aging are especially welcome. . . *Please click [here](#) to find more information*

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
