

Special Issue

Multiple Sclerosis: Clinical Advances in Diagnosis and Treatment

Message from the Guest Editor

This Special Issue seeks to explore the latest clinical advances in the diagnosis and treatment of multiple sclerosis, a complex neurological disorder that significantly impacts patients' lives. As research progresses, it is crucial to integrate new diagnostic techniques and therapeutic strategies that enhance patient care and outcomes. We invite submissions that focus on innovative diagnostic tools, such as advanced neuroimaging and biomarker development, as well as emerging therapies, including disease-modifying treatments and personalized medicine approaches. This Special Issue aims to provide a platform for sharing cutting-edge research and expert insights that can help clinicians navigate the evolving landscape of multiple sclerosis care. Contributors are encouraged to submit original research, reviews, and perspectives that address current challenges and future directions in multiple sclerosis diagnosis and treatment. Our goal is to foster a comprehensive understanding of the advancements that can ultimately improve the quality of life for individuals living with multiple sclerosis.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi
