

## Special Issue

# Clinical Treatment for Spine Trauma

### Message from the Guest Editor

The Special Issue will provide a comprehensive focus on spinal trauma and spinal cord injury, identifying novel approaches for the treatment of these patients, outcomes and complications following both nonoperative and operative approaches, diagnostic imaging paradigms, and translational research that will provide future treatments.

- Spinal trauma
- Burst fracture
- Fracture–dislocation
- Osteoporosis
- Ankylosing spondylitis
- Odontoid fracture
- Subaxial cervical spine trauma
- Thoracolumbar fracture

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
