

Special Issue

Advances in Anticoagulant and Antiplatelet Therapy for Coronary Artery Disease: 2nd Edition

Message from the Guest Editor

We sincerely invite you to contribute to this Special Issue "Advances in Anticoagulant and Antiplatelet Therapy for Coronary Artery Disease: 2nd Edition". The first edition is available at https://www.mdpi.com/journal/jcm/special_issues/4ZNJ8HNECK. This Special Issue combines original research and review papers with a focus on the recent advances in coronary artery disease.

In recent years, with the accumulation of evidence regarding the use of new drugs and the continuous refinement of treatment strategies, clinical guidelines have been continuously updated, providing a clearer path for the individualized management of these high-risk patients. This Special Issue aims to gather the latest research progress and clinical practice experience in this field, focusing on key issues such as antithrombotic strategy selection, treatment course formulation, risk assessment, and complication prevention for patients with acute coronary syndrome and those undergoing PCI with anticoagulation indications. We welcome original research and review articles to jointly update and promote the progress of antithrombotic therapy for coronary artery disease.

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France
