

## Special Issue

# Supportive Care for People with Cancer

### Message from the Guest Editors

This Special Issue titled "Supportive Care for People with Cancer" presents a clinical-focused exploration of the comprehensive strategies used to improve cancer patients' quality of life and symptom management. It encompasses multidisciplinary approaches, such as psychological support, pain management, nutritional guidance, and palliative care. This Special Issue emphasizes tailored interventions, including counseling, symptom control, and integrative therapies. However, it notably excludes mini reviews and case studies, concentrating instead on substantive clinical research and evidence-based practices.
