Thyroid Disease in Pregnancy: New Insights in Diagnosis and Clinical Management

Message from the Guest Editor

The thyroid gland is an important organ that acts as a metabolic regulator of women's health. It is a regulator of metabolism, and its role is important in reproduction and conception. Dysregulation of its function, hypothyroidism and/or hyperthyroidism, is associated with infertility prior to a subsequent pregnancy. During pregnancy, thyroid disorders may cause first-trimester hemorrhage and anomalies in fetal growth and may affect the neonate in terms of its mental development. In the current Special Issue, we aim to review the pathogenesis of the prenatal disorders associated with thyroid dysfunction and its management at different times.

About the Journal

Message from the Editorial Board

Journal of Clinical Medicine (ISSN 2077-0383) is an international, peer-reviewed, open access journal dedicated to advancing clinical and preclinical research. Our Editorial Board and staff are committed to delivering cutting-edge, timely, peer-reviewed articles spanning the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and impactful research articles, as well as reviews that are clinically significant and relevant to the full spectrum of medical disciplines. All full texts are archived in PubMed Central and indexed in SCIE (Web of Science), Scopus, PubMed, and other major databases. We invite you to submit your manuscript for publication, as well as join our community as a reviewer or reader online.

Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081
Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, The University of
Tokyo, Tokyo, Japan

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1
(General Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
