## New Update on Personalized Treatment of Autism Spectrum Disorder and Related Disorders

### Message from the Guest Editors

We are pleased to invite you to contribute to this Special Issue of *JCM* on personalized interventions for children and adolescents with Autism Spectrum Disorder and related disorders. This Special Issue aims to present recent contributions on therapeutic interventions that tailor the process to the patient's unique needs, with the goal of bringing scientific research closer to children's daily lives to best support them at each stage of growth. We welcome orginal research and reviews that cover, but are not limited to, the following topics:

- Intervention strategies;
- Therapeutic advance;
- Studies on differentiated treatment paths;
- New technology;
- Individual differences and heterogeneity;
- Gender differences and potential implications;
- Factors Influencing intervention's efficacy.
