Ultrasound Technology in Intensive Care: Current and Emerging Treatment

Message from the Guest Editors

The present Special Issue “Ultrasound Technology in Intensive Care: Current and Emerging Treatment Options” welcomes submissions in this field, addressing how an ultrasound-based approach can improve patient management and outcome. Beyond specialists from intensive care medicine, researchers of all affiliated disciplines with a focus on basic research or patient care are invited to submit original articles or reviews in their area of expertise in order to enhance the awareness of interdisciplinarity in modern intensive care medicine.
