Advances in Atrial Fibrillation Treatment

Message from the Guest Editor

We are pleased to invite you to contribute to this Special Issue of *Journal of Clinical Medicine* “Advances in Atrial Fibrillation Treatment”. This Special Issue aims to explore the latest developments in atrial fibrillation treatment, including novel therapeutic approaches, advancements in catheter ablation techniques, innovations in pharmacological therapies, and cutting-edge strategies for stroke prevention and risk factor modification. Focusing on the following topics:

- Emerging pharmacological therapies for rate and rhythm control;
- Advances in catheter ablation technologies and outcomes;
- Personalized approaches to stroke prevention in AF patients;
- Integration of digital tools and AI in AF monitoring and management;
- Long-term outcomes and safety of novel AF treatment strategies;
- Management of AF in special populations

We look forward to receiving your valuable contributions to this Special Issue.

Guest Editor

Dr. Iwona Woźniak-Skowerska

About the Journal

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Editors-in-Chief

Prof. Dr. Emmanuel Andr  s

Internal Medicine Department, University Hospital Strasbourg, 67000
Strasbourg, France

Prof. Dr. Kent Doi
