

## Special Issue

# Advances in Anterior Segment Surgery: Second Edition

### Message from the Guest Editor

It is my pleasure to invite you to contribute to the Special Issue entitled “Advances in Anterior Segment Surgery: 2nd Edition”. This is one new volume; we published five papers in the first volume. The aim of this Special Issue is to highlight the current themes in modern laser-, corneal-, and lens-based refractive surgery. This issue will feature three articles from world-renowned refractive surgeons on the latest trends and themes relating to refractive surgery. We will be delighted if you are able to submit a full-length article or review on a topic of your choice in refractive, corneal, and cataract surgery. The possible areas of interest for this issue are lenticule-based surgery, surface ablations, blended vision treatments with laser refractive surgery, corneal inlay procedures, presbyopia management with monovision laser vision correction, refractive lens exchange, premium presbyopia-correcting intraocular lenses, refractive solutions for keratoconics, complex cataract surgery, biometry, cataract surgery outcomes, modern lamellar corneal transplants, etc.

### Guest Editor

Dr. Mayank A. Nanavaty

Sussex Eye Hospital, University Hospitals Sussex NHS Foundation Trust, Brighton, UK

### Deadline for manuscript submissions

25 June 2026

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
