

## Special Issue

# Acute Care for Traumatic Injuries and Surgical Outcomes: 2nd Edition

### Message from the Guest Editors

It is my pleasure to invite you to contribute to the Special Issue entitled “Acute Care for Traumatic Injuries and Surgical Outcomes: 2nd Edition”. This is one new volume; we published 11 papers in the first volume. For more details, please visit:

[https://www.mdpi.com/journal/jcm/special\\_issues/R41L31JMEX](https://www.mdpi.com/journal/jcm/special_issues/R41L31JMEX) This Special Issue focuses on the immediate management and treatment of traumatic injuries, as well as the subsequent surgical outcomes, resulting from accidents, falls, violence, or other forms of physical trauma. By continually improving acute care protocols and surgical techniques, healthcare professionals aim to enhance patient outcomes, minimize complications, and improve the overall quality of life of individuals who have experienced traumatic injuries. With this purpose in mind, we cordially invite all authors to submit original or review articles to the Special Issue.

Please click [here](#) to find more information.

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!
