

## Special Issue

# Clinical Advances in Thoracic Surgery

### Message from the Guest Editor

We are pleased to invite authors to contribute to this Special Issue of the *Journal of Clinical Medicine* titled "Clinical Advances in Thoracic Surgery". The aim of this issue is to thoroughly explore new developments in thoracic surgery, providing a platform for groundbreaking research and collaborative insights. The following are some suggestions for key focus areas:

**New technologies:** We welcome papers that investigate the unclear aspects of robotics and minimally invasive surgery, shedding light on potential new therapeutic targets, and share insights into evolving techniques and their clinical outcomes.

- Artificial intelligence applications
- Results of conservative surgery
- Surgery beyond the limits
- New challenges for thoracic surgeons

This Special Issue provides a platform within the prestigious *Journal of Clinical Medicine* that facilitates global visibility and collaboration, and aims to assemble a community of experts dedicated to unraveling the complexities of thoracic surgery to positively impact patient care.

## About the Journal

### Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

### Editors-in-Chief

Prof. Dr. Emmanuel Andrès

Internal Medicine Department, University Hospital Strasbourg, 67081  
Strasbourg, France

Prof. Dr. Kent Doi

Department of Emergency and Critical Care Medicine, The University of  
Tokyo, Tokyo, Japan

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.5 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
